

Health Safety and Environment Policy

MKGS Design & Construction was founded in 2008 and is focused on commercial fit outs, and make goods in Sydney and Melbourne.

MKGS will provide a safe and environmentally responsible workplace for our workers, contractors and the wider community.

MKGS is committed to:

- providing safe and healthy working conditions for the prevention of work-related injury and ill health
- providing high quality products and services to our customers
- protecting the environment, including the prevention of pollution
- eliminating hazards and reducing health and safety risks from our activities, products and services, so far as is reasonably practicable
- investigating incidents to prevent recurrence by implementing and reviewing corrective and preventive actions
- maintaining, measuring, reporting and reviewing measurable objectives and targets
- complying with applicable legislative and compliance obligations
- implementing, maintaining and continuously improving our HSE management system to enhance performance
- consulting with our workers, their representatives and other relevant persons, and ensuring their participation in improving, matters affecting their health and safety.
- providing adequate resources to achieve the intent of this policy, objectives and targets and all elements of our HSE management system

Our workers shall:

- present for work in a safe and fit manner
- take reasonable care that their acts or omissions do not adversely affect their health and safety, or that of other persons
- report incidents and unsafe practices to the relevant MKGS representative
- comply with MKGS's HSE management system documentation, training and instruction

This Health Safety and Environment Policy shall:

- be available as documented information and to interested parties as appropriate
- be communicated within MKGS

I commit MKGS activities, products and services to this policy.

Matt Sherman

Managing Director, MKGS
